

RE: Sponsorship Request - Dustbowl to Diamonds Event

To whom this may concern,

It is with great pride that we announce our Inaugural Dustbowl to Diamonds event to benefit the Kern County Cancer Foundation. The exclusive event will take place Friday, April 14, 2023, 6:00PM at the Horse Ranch 7301 Cottonwood Rd. Bakersfield, CA 93307. The fundraiser will include signature tastings by local restaurants such as Sorella's Ristorante Italiano, Haveli Indian Grill, and Hungry Hunter Steakhouse. Wine and craft beer pairings will be provided by the Pour House and Advanced Beverage. In addition to a live auction we will also feature live music by Joe Peters, Bakersfield's own Singer Songwriter, and a diamond display with an opportunity to purchase high end custom pieces donated by our local jewelers.

We are extremely grateful to Elizabeth and Brad Peters for hosting this benefit.

Dustbowl to Diamonds will highlight the rich history of Kern County and rightly honor the families and businesses like yours that have paved the way. Kern County is known for its generosity because of the foundation laid by so many. We are inspired by the growth and accomplishments of our very own and are in awe of your continued support. We thank you for giving and for allowing us to help our neighbors, family and friends battling cancer to live longer and make more memories.

Please see the attached sponsorship package as well as details on the Kern County Cancer Foundation and those we serve. Feel free to call me at 661-862-7145 for additional information. We kindly ask for your response by March 1st.

In Strength, Support and Survivorship,
Michelle C. Avila M.Acc.
Executive Director
Kern County Cancer Foundation

Foundation Information

Our Mission

The Kern County Cancer Foundation is dedicated to assisting under-insured or uninsured local cancer patients pay for treatment. We provide funding for patients in Kern County through a collaborative partnership with local healthcare providers and generous supporters.

Since 2013, more than 750 patients have been assisted with the fund, and approximately \$3.5 million dollars has been allocated. All the funds raised are distributed on behalf of Kern County cancer patients and their families. The Kern County Cancer Foundation was established to assist local cancer patients with the significant expenses related to cancer care.

About

Before the establishment of the Kern County Cancer Foundation cancer patients had to choose between paying for their mortgage or paying for treatment. Local oncologists and community members rallied together to start KCCF in 2012 to eliminate the financial burden brought on by a cancer diagnosis.

Through donations and fundraising efforts, we have been able to assist our neighbors with the overwhelming cost of treatment. Even when insured, copays and deductibles add up quickly.

In addition to medical costs related to cancer treatment, Kern County is also challenged with a lack of treatment facilities for children diagnosed with cancer. Families have struggled with the cost of transporting their children to regular treatment out of the county. The closest treatment facility is over 100 miles away. Recognizing the need, KCCF began transporting children in 2020 to and from treatment via shuttle and providing financial assistance to qualified families.

The Kern County Cancer Foundation is proud to provide for residents of all ages and ethnic groups in Kern County regardless of where they receive their treatment.

The heart of our organization is to assist as many local patients as we can — to lend a supportive hand during a trying time. As the need in our community grows additional donations are necessary. Please join us in our efforts to meet these needs by donating today.
